

RA-AGOA-FORD-MEDICAL OXYGEN AMBULANCE TALL BUS/VAN

RA-MEMBERS PRICE: \$95,500 USD

NON MEMBERS PRICE: \$124,200 USD

FORD Tall-Roof Ambulance Bus/Van provides an exceptional cost-effective solution for your day-to-day transport needs. This model provides more working space inside than our other models, and even with its size it is still one of the most efficient units to operate on the road. The Transit is rapidly becoming one of Ford's true workhorses in the US. Sufficient space **90 Seat Bases fold-up and out** and cost-effective operating expenses and maintenance; it's an excellent choice for day-to-day operations. More features can be added by Client's requirements with additional costs.

All Seats Swivel with stops at 45 and 90 **90 Seat Bases fold-up and out** of the way when not needed. Portable O2 storage under rear curbside seat Lockable Storage under Attendant Seat Configuration shown with Walk-Thru Option
